To The Members of the Class of 1996:

Warm and hearty congratulations to you upon the completion of your degree at the University of New Haven. On behalf of the faculty and staff, it is our fond hope that your educational experience at the University has been rewarding and valuable and that these years will prove to be the foundation for a successful career and for productive and ethical service to society.

You are graduating in a year when the University has reached a significant milestone in its history. Through 75 years, the University has itself graduated from being a junior college, a four-year undergraduate institution, to its present role as an independent, comprehensive University with 6,000 students from 25 states and 50 foreign countries, including one of the largest and finest graduate schools in Southern New England.

The philosophy which has guided us over the years is our commitment to quality education based on a strong liberal arts foundation combined with outstanding career and professional curricula. Our goal is to graduate students who are broadly and well-educated and who have acquired practical knowledge and problem-solving skills necessary for success in a complex and increasing technical society.

As students, you have contributed significantly to UNH. As you make your mark in the world, know that we wish each of you the very best and that the University shares in your pride at this important and auspicious moment.

Sincerely,

Lawrence J. DeNardis

Dear Graduating Class of 1996!

Welcome to the beginning of our new life. After all the hard work and effort over the past four years you deserve a round of applause. During my term of Day Student Government President and Resident Assistant, I've had the opportunity to meet and to interact with many of you at one time. I thank you for giving me the chance to serve you and make your experience here at the University of New Haven as great as possible.

As you look back on the pages of this yearbook, I hope you all recall the good times. We are such a small community, but UNH has allowed us so many chances to be one big family. Don't forget us and keep in touch.

Best Wishes. May your careers be great ones and bring you much success. Congratulations, be happy, healthy and take the time to appreciate all of your hard work.

Sincerely,

Sheila Whittington
D.S.G. President 1995-96

Prologue

The hardest thing to control and deal with at the University of New Haven is time. Time just flies by, and the years just disappear. In this time, we fail to appreciate all that is changing around us, and the history and memories of UNH.

That is why we have the yearbook. The yearbook freezes time and captures it on the pages for all to enjoy. It just needs someone to enjoy and read it for it to come alive. Enjoy this yearbook since it captures time for you forever and ever!!

UNH 75 Years Of Excellence!!

The University of New Haven was founded in 1920 as the New Haven YMCA Junior College, a division of Northeastern University. The college became New Haven College in 1926 by an act of the Connecticut General Assembly. Starting strictly as an evening college focusing in business and engineering, UNH has grown and prospered throughout the years.

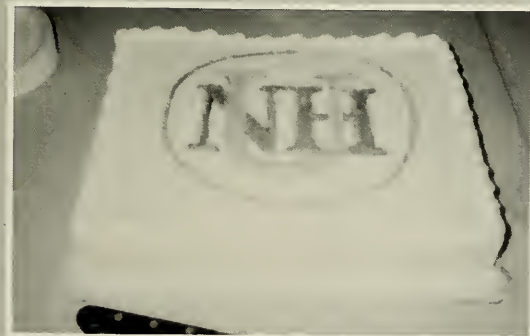

In 1960, the university moved from New Haven to its current West Haven campus and ten years later, in 1970, it changed its name to the University of New Haven. UNH now includes five undergraduate schools-Arts & Sciences; Business; Engineering; Hotel, Restaurant & Tourism Administration; and Public Safety & Professional Studies-and the Graduate School. The campus encompasses 23 major buildings on more than 73 acres. The buildings are relatively new, except for Maxcy Hall and the Gate House, which date back to the early 1900's. For many they were the county's orphanage.

Today the university is a major coeducational, independent institution with undergraduate and graduate degree programs (including a doctorate in management systems) in more than 85 areas of study. Enrollment, including full and part-time undergraduate students as well as graduate students, totals close to 6,000. In 1995, the university celebrated its 75th anniversary. This book is dedicated to these 75 years of excellence.

It was in these university buildings that we learned and grew. We grew both academically and socially. We learned that there were new things to learn every day and when we graduate. Even though the sights of this campus will soon disappear from our memory, what we learned will be remembered forever.

Happy Birthday, UNH!!!

Good Times!

Faces

Friends

At UNH, we have made many friends and have had some great times. Our friends have given us the shoulder to cry on, the right advice, and were always there when we needed them. We've partied, studied, and lived together. The pictures featured in this yearbook symbolizes the great times here at UNH. The bonds made here won't end once the notebooks have closed, or when the last meeting has been held. The friendships made will continue and flourish throughout the years and will never end.

FORENSIC SCIENCE AND CHEMISTRY CLUB

The Forensic Science and Chemistry Club is an active academic club here on campus. The club pursues various aspects of chemistry and forensic science outside the classroom. The club also gets involved in many other aspects of student life. They sponsor field trips, attend lectures, and have many fundraisers such as selling T-shirts.

Lambda Alpha Epsilon

The American Criminal Justice Association

THE AMERICAN CRIMINAL JUSTICE ASSOCIATION

The American CJ Association, Lambda Alpha Epsilon, LAE, is a national organization for students interested in the Criminal Justice, Forensic Science, and Fire Science fields. LAE is very much involved with the UNH community by offering programs for Women's safety, passing out ribbons for Mothers Against Drunk Driving, and helping the West Haven Police Dept. fingerprint school children in West Haven and surrounding towns. Last year, 1994-95, the ACJA was named the most outstanding club and organization.

Dental Hygiene Program

THE DENTAL HYGIENE PROGRAM

The Dental Hygiene program is a new program on the University of New Haven Campus. It involves the students actually working as Dental Hygienists in a practical setting. They are involved in fundraisers such as making crafts to help raise money for the association and were sold at the Hebourne Senior Center. They have participated at the Annual Nutmeg Conference for Dental Hygienists.

Day Student Government

The Day Student Government (DSG) is the organization responsible for serving the undergraduate student body of UNH. The DSG is an integral organization with varied functions and activities. The president, treasurer, senators, and Board of Governors are elected by the undergraduate student body in a general election. The vice-president and the executive assistant are appointed by the president. The DSG boasts a large number of clubs and organizations of a social, cultural or academic nature. The media under the DSG provides unique experiences as well. They include the radio station, yearbook, and the newspaper. Standing committees under the DSG provide opportunities for involvement as well.

Black Student Union

The Black Student Union is an organization of unity. It unites African American students. The main purpose of the BSU is for the members to learn about their culture. They hold many functions throughout the year, such as fund-raisers, dances, and Black History Month. They make us aware of the immense importance that blacks have had throughout American History.

Fire Science Club

The Fire Science Club was formed for fire science, arson investigation and other students who are interested in this field to provide our university and the West Haven community with information about fire safety and other important issues. Many of the club members are involved with fire companies in their hometowns, and have given presentations to local area hospitals to save lives.

International Students Association

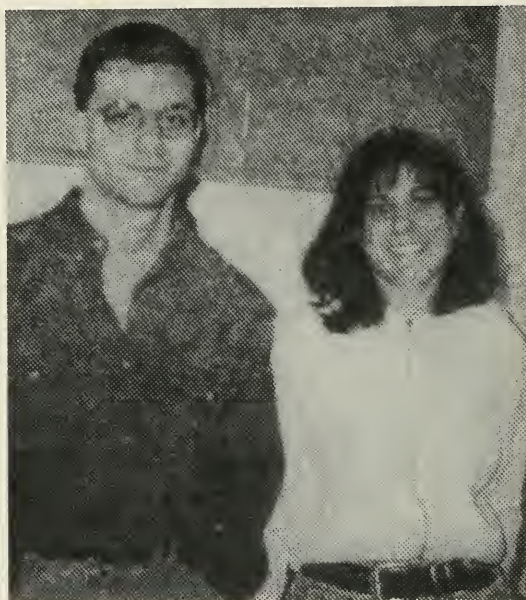

The International Students Association was formed to bring together all of the students who have come from abroad to UNH. UNH has international students from 50 foreign countries to share their experiences and culture with us. The ISA also has an annual banquet for the whole university community to enjoy. UNH learns about the different cultures, dress, food, and entertainment from our international students. Having ISA at UNH has opened many eyes to the different cultures of the world.

W.N.H.U. Radio Station

Established in 1973, WNHU 88.7 fm has in 1995, proved itself to be a major force in college radio. WNHU broadcasts 1700 watts across 5 counties in Connecticut, and 2 on Long Island. WNHU gives its many listeners the widest possible variety in programming from new music and soul, to folk and reggae, as well as regional sports. It is perhaps this diverse program schedule that is backed by students, faculty, and community volunteers that is responsible for WNHU's success.

The Charger Bulletin

The Charger Bulletin is a student run newspaper here at the University of New Haven. It provides students and faculty with information about what is happening here on campus. When reading the Charger Bulletin you can find out about what is happening around campus in regards to movies, lectures, and even club meetings. Overall the newspaper is a great resource for students and faculty. Stephanie Brown, and her staff did an excellent job, one that most people take for granted. The entire staff is to be commended for an excellent job.

Chariot Yearbook

The Chariot Yearbok is the organization that throughout the year works at taking the entire year, capturing it and putting it into a book. It represents the lives here at UNH. Even though we were short staffed this year, we were successful at putting together a wonderful book for all to enjoy. We covered events from Spring Fling, to football games, to 75 Alive. It took a lot of time and effort but it was definitely worth it. The Chariot Yearbook Staff hopes that everyone will enjoy this book and will serve as a fountain of memories in years to come.

Celebration 75 was an anniversary party dedicated to the 75th anniversary of UNH. The party was open to all UNH students, faculty, and staff. It was held in the Student Center. But the minute one walked into the student center they were swept back in time. First, the entry hallway, filled with pictures of past events that occurred at the university, such as the annual Chi Kappa Rho sorority fashion show, and the UNH campus when it was only New Haven College. The Sports Spot, was magically turned into a New York City Cabaret, where sweet sounds were heard coming from a practiced pianist and a melodic mezzosoprano. Hungry? Step downstairs into the dining room. It was decorated with peace signs, the Graffiti board, poodle skirts, and pink roadsters. Hip hop and bobby socks. After eating your dinner and desert, it was time to go exercise upstairs. A flashing light show and the hottest tunes of the 80s and 90s set the stage for UNH's own Hard Rock Cafe. To top it all off, Singer Travel and Caribbean Cruise Lines gave Jeffrey F Dreher a free cruise. Take a look below at some of the happenings at Celebration 75.

UNH ALMA MATER

Let us remember, Let us remember, How we
lived upon the hill.

Close to Campbell's granite marker, Close to
Long Wharf's gleaming shore.

Here we learned and here we prospered, Soon
to go our merry ways.

Friends forever, Friends forever, Let us keep
our memory still.

Thoughts of Maxcy, Harugari, and the
Chargers in the fall.

Stay with us in all our travels, Warm us in the
deepest cold.

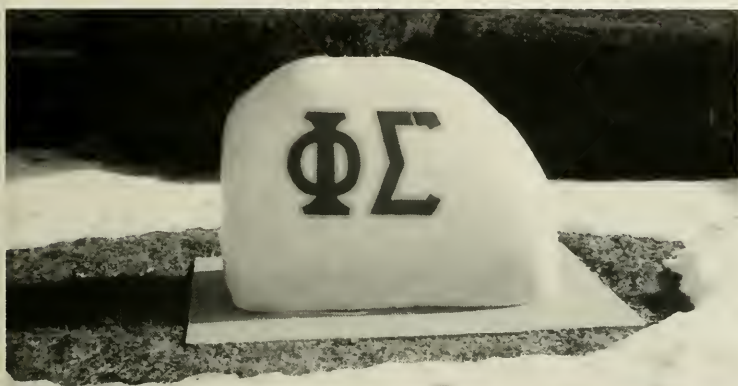

Faith be with us, Faith be with us, To once
again return to home.

To walk again the path we once walked, To see
again where we have grown.

Let us have the joy we once had. To value
friends we still hold dear.

The Whole In The Wall Gang Camp

THE WHOLE IN THE WALL GANG CAMP

The Whole in the Wall Gang camp is a summer camp for children who are unable to normally attend a sleep away camp. The camp was started by the actor Paul Newman and hosts children with terminal illnesses and childhood diseases. Kids from all of the walks of life are welcome to attend and spend a week with other kids just like them. Several students from UNH had the opportunity to serve these kids and enjoy the camp. The Hotel, Tourism, and Dietetics school paid all of the students \$3000 and gave free room and board to twelve people although only nine attended the camp. The experience was incredible. The UNH students worked the food service and had the opportunity to work with the counselors. During the summer, the students had the chance to talk with Mr. Newman and his wife Mrs. Joann Woodward. Amy Grant sang and Norman Schwartzkof chatted with the kids and staff. The camp also had an olympic size pool, theater, fishing, teepees, gym, woodshop, painting, and a full service health center for kids who had special needs. The list goes on and on. Everything, right down to the outhouses in the middle of the woods were handicapped and wheelchair accessible. Thank you to Dr. Warner and UNH for enabling us to experience this great place for God's special children.

OFFICE OF RESIDENTIAL LIFE

The character of residential living is often a good indication of the spirit and life on campus. For this reason, the university strives to make its residential facilities places where students can meet new people, establish friendships, and learn in an environment which encourages academics, creativity, and personal development.

The residential life program works to maintain an environment which encourages the achievement of academic goals, supports activities which will broaden students' interests and understanding of others, and promotes self-reliance and leadership.

The university has four residence halls on campus: Sheffield Hall, Winchester Hall, Dunham Hall, and Bethel Hall.

Editor's Note

WOW!! Is this actually the last page?! I never thought this day would come. What a hard year this has been. Putting together a yearbook wasn't as easy as I thought it would be, especially with a very limited number of people to help me out. But here it is, the finished product. Many of you are probably wondering why the 1996 yearbook's theme is the 75th anniversary, when the 75th anniversary happened in 1995. I decided that since the 75th anniversary was a big deal for the University, and last year's book was not dedicated to this occasion, that this book would be in remembrance of the 75 years of excellence.

Even though this book really stressed me out at times, I enjoyed putting it together. Not only did the pages come together, but I came together with many of the faculty, staff, and students of this university. I want to thank Cynthia Avery, our advisor, for really helping the yearbook staff, Bob Sasena, for putting up with me and all of the stress that I had this year, Roberta Saucier, for helping with some of the pages, even though she didn't have to, Lens Inc., for developing all of our film, my roommates-Diana, Martina, and Natalie, my friends, and everyone else who helped out. I must also thank the few people who considered themselves part of the "yearbook staff." I really appreciate all of the help-I wouldn't have done it without you!! Thanks!

Now, I would like to wish the senior class all of the luck in the world. Congratulations!! I hope you never forget your years at UNH. I hope you frequently look back at this yearbook and enjoy all of the fond memories captured here. Remember the good times!! Be proud of yourself. Be proud to be a graduate of U.N.H., because U.N.H. is proud of you.
